

Adjust Personalization Settings

You can adjust the following settings:

- ▶ Language Settings
- ▶ Time Zone Settings
- ▶ Test Run Language Settings

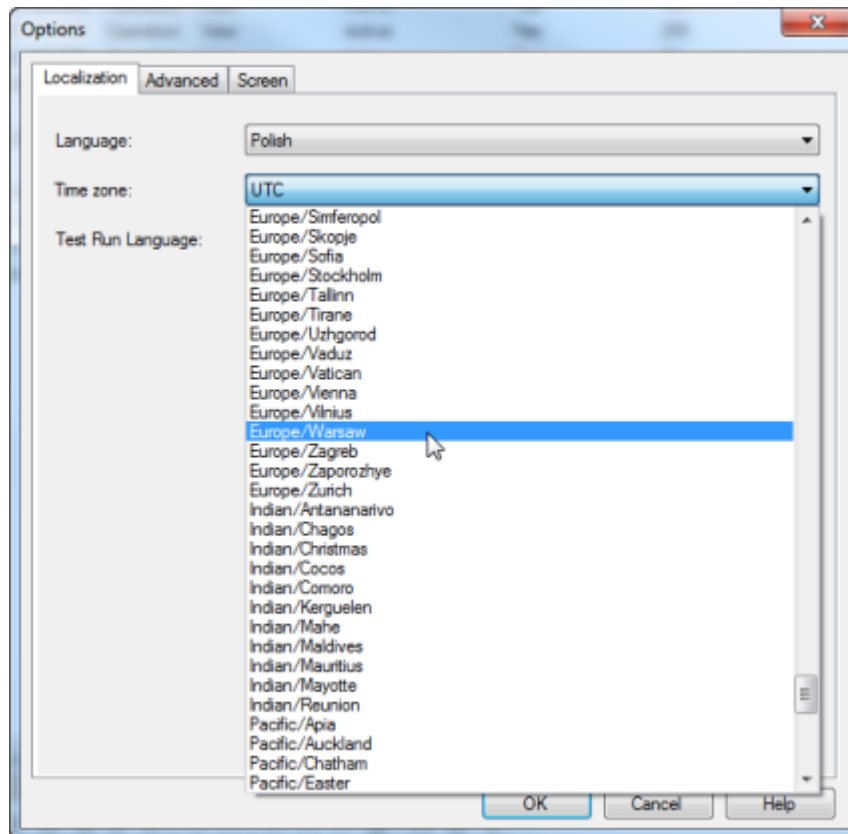

Language Settings

1. Select **Tools > Options...** from the **Main Menu**.
2. On the **Localization** tab, choose a language from those available in the Language drop-down list (for the list of supported languages, refer to ***Process of Translation Guide***).
3. Click OK to apply the changes.

Time Zone Settings

1. Select **Tools > Options** from the **Main Menu**.
2. On the **Localization** tab, choose a zone from those available in the **Time zone** drop-down list.

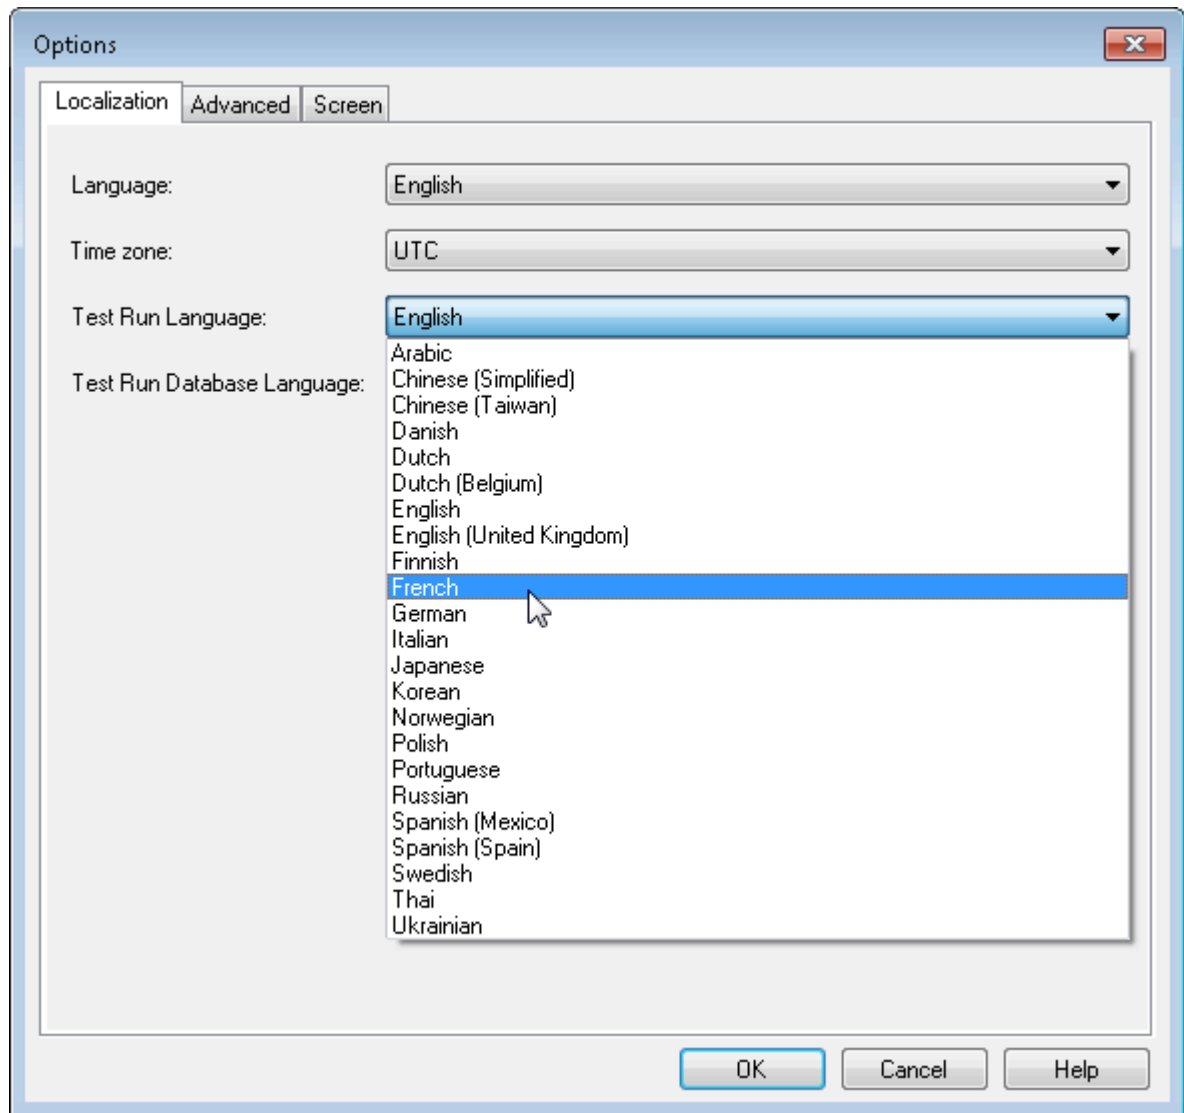

3. Click **OK** to apply.

In order for the changes to take effect, the application needs to be restarted.

Test Run Language Settings

1. Select **Tools > Options** from the **Main Menu**.
2. On the **Localization** tab, choose a language from those available in the **Test Run Language** and **Test Run Database Language** drop-down lists. For instructions on setting languages available on this list, refer to the [Translations Settings](#) topic in the [Dictionary Help](#).

3. Click **OK** to apply.
