

Naming Conventions and Categories

The Screen Flows functionality assumes certain naming conventions and a Process Builder Categories structure are being used.

Naming Conventions

- ▶ **Screen codes, Actions, Panels** – use capital letters, digits, and the underscore (_). Do not use blank spaces.
 - ▷ The Screen codes should reflect the codes used in the detail design document, for example:
 - ▶ OPP_10
 - ▶ RCV_20
 - ▶ DET2
 - ▷ The Actions should describe the Action, for example:
 - ▶ VALIDATE_PRODUCT
 - ▶ NEW_PO
 - ▶ CLOSE
 - ▶ BACK
 - ▷ Example Panel names:
 - ▶ HEAD
 - ▶ FOOTER
 - ▶ MAIN_TABS
 - ▶ LOGO
 - ▶ ALERT_LIST

Process Builder Categories

- ▶ Screen Flows
 - ▷ Event templates (for the Screen initialization and an Action handler DFC)
 - ▷ View templates (for a View DFC)
 - ▷ *[your project]* Events (all event handlers for your project)
 - ▷ *[your project]* Views (all the Views for your project)
 - ▷ Screen templates
