

Recent and Favorite Items

This tool pane lets you:

- ▶ Create a list of favorite operations or operation steps.
- ▶ Access recently added [links](#).

Actions

- ▶ To display the tool pane, click the **View** menu and select **Recent and Favorite Items**.
- ▶ To add one or more operations or operation steps to the list, drag them to the tool pane.
- ▶ When you add a [link](#) to the entity workspace, the link automatically appears in the tool pane.

Recent and Favorite Items Right-Click Menu

Command	Description
Clear All	Clears the list.
Delete	Removes the selected item.
